Synopsis

Do you want to know who you were before? And what you did in your past lives? Would you like to go time tripping into the adventures of your soul to explore your past lives? Past Life Journeys offers everything you need to know about traveling into and through your past lives. It gives step-by-step instructions, interwoven with an in-depth script, for remembering and re-experiencing events and emotions in previous lifetimes. Included are sidetracks showing how you can use the same information in your present life for many positive purposes and side trips—interesting adventures and excursions—to experience along the way. Inside this book you'll learn how to: Enter a meditative frame of mind to journey into and through your past life memories; Align and raise your physical energies into your spiritual vibrations; Meet your higher self—your spiritual guide into the multidimensional realms of your soul; Explore previous life connections with people currently in your life; Discover the plans and promises you made before birth; Re-visit realms of your after-death experiences; Understand, balance, and heal your karma; and Change the past so that it positively affects and influences your present and future. This book is your ultimate guide to traveling into and through the realms and realities your soul has experienced in its many travels through time. **Some of the material in this book was previously published in Discovering Your Past Lives by Gloria Chadwick.

What people say about this book

Carmella, "Very Useful & Informative. Good book and has a lot of great useful information in it. Definitely glad I read it. Big help. One down is it's a bit repetitive. You'll read a paragraph then the next paragraph or the next will basically say the same just worded slightly different. Unfortunately I noticed that throughout the book not just in a few places. All in all I'd say it was still a good buy."

The book by Renee Amberson has a rating of 5 out of 4.4. 9 people have provided feedback.
